

SELF SERVICE CASH RECYCLER AND SINGLE CHEQUE DEPOSIT

- Advanced recycling functions for cash deposit and cash withdrawal
- Cash slot for up to 300 notes
- Safe and fast cash recognition with serial number reading
- Up to five cash boxes: capacity up to 3400 banknotes each
- Single feed cheque deposit function
- MICR reading
- Image scanner and endorsement printer
- Micro hole technology
- Compact and modern design with 15" display

MRK8000 is a 3 in 1 Self Service kiosk developed to **allow cash recycling and cheque deposit**. The kiosk is ergonomically designed with **minimal footprint and attractive design**; it fits ideally into a Bank lobby environment where its 45 cm width saves the day in case of limited space availability.

Cash management is optimized by recycling functions reducing drastically costs involved in cash handling. Maximum flexibility of configuration: one acceptance box and up to four recycler boxes: each can be divided into two pockets for accepting, dispensing or recycling up to 8 different denominations (handy especially in multicurrency configurations).

The kiosk also features a single cheque deposit slot with MICR reading, front/back and micro hole image scanner and endorsement printer.
